

SS	WE	EA	MR	EQ	ID
Prerequisite 1 Credits 1-8					

Sustainable Sites

Not applicable

SS	WE	EA	MR	EQ	ID
Credits 1.1-3.2					

Water Efficiency

Not applicable

SS	WE	EA	MR	EQ	ID
Prerequisite 1-3 Credits 1-6					

Energy and Atmosphere

Credit 1.1 **Optimize Energy Performance—Lighting Power** 3 points
 Herman Miller task lights use high efficiency electronic ballasts and energy-efficient lamps that can help to reduce the overall lighting power required for the project.

SS	WE	EA	MR	EQ	ID
Prerequisite 1 Credits 1.1-7					

Material and Resources

Credit 2.1 **Construction Waste Management—Divert 50%** 1 point
Returnable and recyclable packaging—Vivo interiors packing materials include corrugated cardboard, molded pulp, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal.

Credit 2.2 **Construction Waste Management—Divert 75%** 1 point
Returnable and recyclable packaging—Vivo interiors packing materials include corrugated cardboard, molded pulp, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal.

Credit 3.1 **Resource Reuse—Specify 5%** 1 point
Reuse—Vivo interiors is designed for durability with a 12-year warranty and can be reused on many building projects. Vivo interiors is easy to reconfigure for reuse as well. LEED credits may be achieved when reusing or purchasing used materials on a project.

Credit 3.2 **Resource Reuse—Specify 10%** 1 point
Reuse—Vivo interiors is designed for durability with a 12-year warranty and can be reused on many building projects. Vivo interiors is easy to reconfigure for reuse as well. LEED credits may be achieved when reusing or purchasing used materials on a project.

Credit 4.1 **Recycled Content—Specify 5% (post-consumer + 1/2 pre-consumer recycled)** 1 point
 The Vivo interiors system may contribute to this credit as a typical workstation contains 36% recycled content. It contains 14% post-consumer recycled content and 22% pre-consumer recycled content.

Credit 4.2 **Recycled Content—Specify 10% (post-consumer + 1/2 pre-consumer recycled)** 1 point
 Vivo interiors system may contribute to this credit as a typical workstation contains 36% recycled content. It contains 14% post-consumer recycled content and 22% pre-consumer recycled content.

Credit 5.1 **Local/Regional Materials—20% manufactured locally** 1 point
 Vivo interiors may contribute to this credit depending on the location of the project. It is manufactured in Spring Lake, Michigan 49456.

Credit 6 **Rapidly Renewable Materials—Specify 5%** 1 point
 Vivo interiors work surfaces can be specified with wheatboard substrates and bamboo veneer which are both rapidly renewable materials.

SS	WE	EA	MR	EQ	ID
Prerequisite 1 Credits 1.1–7					

Material and Resources continued

- Credit 7 **Certified Wood**—Specify 50% of wood products to be FSC-certified
Vivo interiors work surfaces can be specified with FSC-certified veneers through Herman Miller Options. 1 point
- Note The inclusion of furniture is optional for LEED NC. If furniture is included in the calculations, it must be included in all calculations for Materials and Resources Credits 3–7.

SS	WE	EA	MR	EQ	ID
Prerequisite 1–2 Credits 1–8.2					

Indoor Environmental Quality

- Credit 4.4 **Low-Emitting Materials**—Composite wood and laminate adhesives
Furniture is not included in the scope of this credit. However, the use of wheatboard will meet the spirit of this credit.
- Credit 8.2 **Daylight and Views**—Views for 90% of spaces 1 point
Furniture that is 60 inches high or lower, or the use of transparent materials, could aid in achieving this credit.

SS	WE	EA	MR	EQ	ID
Credits 1.1–2					

Innovation and Design Process

- Credit 1.1 **Innovation in Design** 1 point
LEED Innovation Credits can be achieved when a project exceeds the criteria by twice the base requirements of the credit or, in the case of multi-tiered credits, the next tier. Vivo interiors may contribute to the Recycled Content and Regional Materials Credits.
- Credit 1.2 **Innovation in Design** 1 point
Specifying systems furniture and seating that is GREENGUARD certified meets the requirement of LEED-CI IEQ Credit 4.5 Low-Emitting Materials, Systems Furniture and Seating.
GREENGUARD certification pending
