**Eames® Executive Chairs**

## A MODERN EXPRESSION OF TRADITIONAL LUXURY

Charles and Ray Eames developed the first Eames executive chairs to grace the lobby of the Time-Life Building in New York City. That's why some people call them Time-Life chairs. Names aside, this elegant chair gives those who sit in it the time of their life. Exceptionally generous in size, Eames executive chairs feature the highest quality materials, including an aluminum base and frame and finely detailed upholstery. The chair's deep cushions and padded arms bring luxurious comfort to working in an office or making momentous decisions around a boardroom table.

Charles and Ray Eames

### DETAILS THAT MAKE THE PRODUCT

The executive chair is a fine example of Charles Eames' belief that "the details are not details; they make the product." Notice the contrast between its highly polished aluminum and rich leather or sumptuous fabric upholstery. Observe the large, upholstery-covered buttons and edge details typical of traditional fine furniture. Experience the benefits of adjustable seat height, tilt-swivel, and a stable five-star base. Available with casters or glides.

Eames Executive Chair

### 12-YEAR, 3-SHIFT WARRANTY

Like all Herman Miller products, Eames executive chairs are durable for long-term performance and value. As a statement of our confidence in their quality, Eames executive chairs are covered by the Herman Miller Warranty—a straightforward promise that we stand behind that quality 100 percent. The 12-year, 3-shift warranty covers all standard elements and includes labor on all warranty work.

### EASY OPTIONS<sup>SM</sup> CAPABILITY

Our versatile, flexible products give people real choices. If they need something extra, we can do that, too, from modifying existing products to developing new ones. For more information on our Easy Options capability, please visit [www.HermanMiller.com/easyoptions](http://www.HermanMiller.com/easyoptions).
