## **INTENT FURNITURE**

### SIMPLE, AFFORDABLE CHOICES FOR UNIFYING A SPACE

A mix of private offices and open plan workstations? Nothing brings a consistent look to both types of workspaces better than Intent furniture. That's because Intent is designed to be compatible with Vivo® interiors. The same parts that come together to form desks and storage in private offices can join with Vivo walls in workstations.

Thoughtful design and smart engineering let you combine Intent's concise set of parts into everything from a single- or double-pedestal desk to returns, credenzas, and hutches. Whatever the form Intent takes, its parts come together with a few simple tools. That makes assembling and rearranging Intent easy and straightforward.

With Intent, you have the choices needed to tailor furniture to match the way an individual works. And those choices are very affordable. A variety of materials options as well as multiple leg options let you scale Intent furniture's price to match your needs. Which makes Intent very easy to own.

## Materials

Intent's palette offers light/dark and warm/cool neutrals that let you specify it in environments of any hue while keeping the process simple. With the balance of the palette, you can "draw" with texture, value, and color. Accent colors add punctuations, and a tightly edited selection of veneers, metal, and glass give textural richness.

Finish									
									
									
Patterned Laminate									
Solid Laminate									
Woodgrain Laminate									
Translucent									
Veneer									

Samples are representative of the material to be supplied and may not indicate an exact match; some variation may occur.  
 Intent Tackboards and Cushion Tops are available in a number of textiles.  
 Visit [hermanmiller.com/materials](http://hermanmiller.com/materials) for the current list of textiles and finishes, detailed application information, material specifications and to order samples.

**Design for the Environment:**

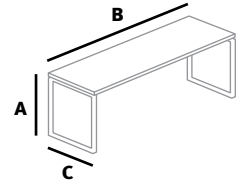

- 11 percent recyclable and manufactured using 67 percent recycled content
- Made of 100 percent reclaimed wood; while not technically recyclable, wood can be cycled back to the natural environment
- MBDC Cradle-to-Cradle<sup>SM</sup> Silver certification
- GREENGUARD<sup>®</sup> certified
- level<sup>™</sup> certification under evaluation

**Designer:** Joey Ruiter, JRuiter + Studio

**General Dimensions**

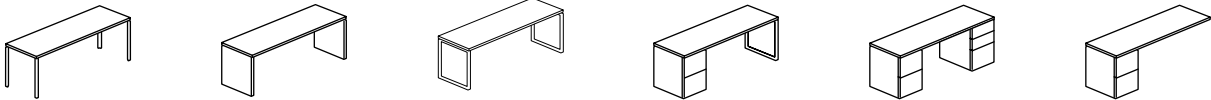

- A** height: 28.5 inches
- B** width: 36–96 inches
