2000 Series

2000 Series

Waiting Just Got Better

Spec's 2000 Series enhances the look of waiting rooms and provides a comfortable solution where others can't cut it. 2000 Series is designed for hard use, but that's not all. Our endless options ensure you'll get the look and layout you want.

It's About Choice

2000 Series is available in one, two or three seaters - freestanding or connected - sled base or four-point - no center arms, half arm or full arm to the floor - split back or full seat - in 1 1/2" diameter tube - you won't find an easier product to specify. Covers are zipper-locked and removable. Installation is a breeze, your layout is labeled at our factory.

You'll find 2000 Series at work throughout North America, and for good reason. Extremely popular for healthcare and institutional applications, you can't beat the durability or ease of maintenance of this flexible, mid-priced solution. As always with Spec; custom orders are encouraged, and 2000 Series is backed by our *Lifetime Structural Warranty*.

It's About Choice
